

IDAHO STATE ENERGY LOAN PROGRAM PROJECT ADDENDUM

Addendum B: Appliances

Complete this portion of the application if you are planning on replacing appliances as all or part of your energy project.

To qualify for an Energy Loan, the appliance being installed must meet the Federal ENERGY STAR rating. Application materials should include a complete bid for all appliances being replaced, product specification sheets for appliances, and the appliances ENERGY STAR product certification identification if not already indicated on the product specification sheet.

Section 1: Appliance Replacement Details

Appliance Type (E.g. Washer, Refrigerator)	Brand and Model	Energy Star Certified? (Yes/No)	Included in Bid? (Yes/No)	Spec Sheet Attached (Yes/No)

Section 2: Required Documentation

To qualify for loan consideration, please include the following for each appliance:

- ☐ A complete **bid or invoice** listing all appliances to be purchased or installed
- ☐ **Product specification sheets** for each appliance
- ☐ **ENERGY STAR® product certification ID** for each appliance (if not already included on the spec sheet)

You can verify ENERGY STAR certification and find eligible products at:
