

IDAHO STATE ENERGY LOAN PROGRAM PROJECT ADDENDUM

Addendum D: Lighting Retrofits

Complete this portion of the application if you are planning on replacing lighting as all or part of your energy project.

Section 1: Project Summary

To qualify, applicants must replace **at least 50% of the existing lighting in the home with high-efficiency bulbs and/or fixtures.**

☐ I confirm that this project will replace at least 50% of the existing lighting in the home with high-efficiency lighting.

Section 2: Lighting Upgrade Details

Amount	Existing Lights (Type)	Proposed Lights (Type)

Section 3: Required Attachments

- ☐ A complete bid or invoice listing all lighting products to be installed
- ☐ Product specification sheets for each bulb or fixture
