

IDAHO STATE ENERGY LOAN PROGRAM
PROJECT ADDENDUM

Addendum D: Doors and Windows

Complete this portion of the application if you are planning on replacing windows as all or part of your energy project.

Section 1: Project Summary

Number of windows in building	
Number of less efficient windows being replaced	
Number of less efficient doors being replaced	
Type of less efficient door(s) being replaced	

Section 2: Required Documentation

To qualify, all doors and windows must meet Federal ENERGY STAR certification requirements for the Northern Climate Zone. Please include:

- ☐ A complete contractor bid or invoice listing all products to be installed
- ☐ Product specification sheets for each door or window
