

RESILIENCE PROJECT AND SUBAWARD/SUBCONTRACT NOTIFICATION

For all resilience project subawards and any other subaward over \$250,000, the Recipient must notify the DOE Contracting Officer and Project Officer in writing prior to the execution of new or modified subawards/subcontracts. This notification does not constitute a waiver of the prior approval requirements outlined in 2 CFR 200, nor does it relieve the Recipient from its obligation to comply with applicable Federal statutes, regulations, and executive orders.

The Recipient is responsible for making a final determination to award or modify subawards/subcontracts under this agreement, but the Recipient may not proceed with the subaward/subcontract until the DOE determines, and provides the Recipient written notification, that the information provided is adequate.

In order to satisfy this notification requirement, Recipient documentation must, at a minimum, include the following:

- (a) Recipient confirms that the subawardee:
 - (i) is an eligible entity type identified in BIL section 40101(a)(2);
 - (ii) is a domestic entity; to qualify as a domestic entity, the entity must be organized, chartered or incorporated (or otherwise formed) under the laws of a particular state or territory of the United States; have majority domestic ownership and control; and have a physical place of business in the United States;
 - (iii) is not a debarred or a suspended entity; and
 - (iv) will pay all of the laborers and mechanics performing construction, alteration, or repair work in excess of \$2,000 on projects funded directly by or assisted in whole or in part by and through funding under the award, wages at rates not less than those prevailing on projects of a character similar in the locality as determined by subchapter IV of Chapter 1 of Title 40, United State Code commonly referred to as the “Davis-Bacon Act” (DBA).
